

# "Spring" Board Floor Offers Easy Dancing

SPRING! The earth beneath our feet, the skies above our heads, the streams and woods around us are astir with life! So is the spring board floor in the Senior Citizen's Center at 90 North and 100 West. That is, starting May 4th, and every Friday thereafter, until further notice, that rarest of all dance floors (I have heard that there are only two left in Utah) will sway and roll gently as feet glide, foxtrot, rock, waltz, cha-cha, samba, tango, swing or whatever one chooses as a mode of locomotion.

A real live-band from Provo will start the series of dances off, providing music that will please both young and "older" adults. The price of entry is only \$1.25 for single, and \$2.50 for a couple, and everyone is welcome.

Appropriate to our valley's standards, "dressy" dress is requested (that does not preclude "dressy" pants suits for ladies) and of course smoking and drinking are not allowed. The dance will begin at 8:00 and end at 11:00. Remember May 4th. SEE YOU THERE, EVERYBODY!

The Heber Amusement Hall, constructed in 1906-07 and still in use today.
